Information & Tips

Summer 2009

Summer camps are available for students ages 4 and up. We offer Drawing & Painting, Clay, Paper Mache, Printmaking, Art Fun, Cartooning, Photography and more! Designed for summer fun, all skill levels are welcome.

Students rising to the first grade or older can join any camp [except the Pre-K/K camp, photography classes and some Art Excursions].

Since we teach one to one, we are able to combine all ages in our summer camps. Working in a relaxed but guided setting, students choose their own subject matter and work at their own pace. Every piece of art is different so the classroom is void of competition. We strive to build the self-confidence of each student. We treat each student like members of our own family. We hug our students every day and love to see them smile!

Art Adventures is open Monday-Thursday in July and August. Registrations are taken on a first-come basis. No two classes are the same.

You may choose to stack your classes so that your student can enjoy a longer block of time

Students staying for back to back classes may bring a snack. Snacks such as crackers, pretzels, raw veggies. a small sandwich or juice box are recommended.
